

PRODUCT: Megadeck Alloy

APPLICATION

Suitable for permanent or semi-permanent use. Most universal of all Megadeck Australia's product's; the Megadeck's use is limited only by your imagination.

NEEDS ASSESSMENT

- **LARGE SCALE EVENTS** - requiring sizable staging.
- **OUTDOOR STAGING** - requiring durable staging in all weather conditions.
- **UNEVEN SURFACES** - for venues and locations such as raked flooring or hilly grassed areas.
- **WATER** - Staging in and over pool areas.
- **STAGE FINISH** - Any surface, colour or texture can be applied to the stage; such as astro turf, acrylic steel mesh & carpet.

RATINGS AND WARRANTY

Every Megadeck stage is made in Australia and constructed from locally sourced materials.

Our workmanship is backed by a 12 month warranty on new purchases.

Megadeck stage units are rated by Test Safe Australia as a seal of approval and for your peace of mind.

TECHNICAL DIAGNOSTICS & SPECIFICATIONS

Routed timber top edges ensure a safe and smooth finish.

Precut connection points on all four sides of the Megadeck allow for modular stage configurations.

Secure stage legs with star bolts make for quick and easy installations.

Stage legs with black end caps for protection of flooring.

Megadeck

The work horse of the industry is the Megadeck. Simple to use, lightweight in construction and extremely versatile.
