

PRODUCT: Halfdeck

APPLICATION

Suitable for permanent or semi-permanent use.

NEEDS ASSESSMENT

- **PROJECTOR STAGES** - Used in venues where rear projection units can be placed in a stable position.
- **CAMERA RISER** - Single platform for camera operator or used as a pair with separation to provide stability and no camera shake.
- **PRODUCT PLACEMENT** - Used for still photo shoots of products. Small platform allows for 360 degree filming and overhead shots.
- **PODIUMS** - Set in incremental heights, the Halfdeck makes for great winners podiums.
- **SPEECH & LECTERN PLATFORM** - Perfect sized for a speaker and lectern for presentations and announcements.
- **PYROTECHNICS** - By using metal mesh stage tops: fireworks, fog machines and special FX can be harnessed.

TECHNICAL DIAGNOSTICS & SPECIFICATIONS

Routed timber top edges ensure a safe and smooth finish. Precut connection points on all four sides of the Megadeck allow for modular stage configurations. Secure stage legs with star bolts make for quick and easy installations. Stage legs with black end caps for protection of flooring.

Simple to use, lightweight in construction and extremely versatile. Most commonly used individually or to create certain stage sizes.

FACTS

- Constructed from high grade **aluminium** for a light yet strong frame
- **Structural** 15mm timber top.
- Measures-1200mm wide x 1200mm long x 188mm tall
- Weighs **20Kg**, a weight well within safe lifting limits.
- Suitable **working heights** range from 200mm - 2400mm
- **KPA** rating of 6.6 meaning each Megadeck can withstand 1800KG of disputed weight.
- **Point Load** of 500KG for concentrated loads
- **Australian** made
